GRACE CAFE

Grace Café staff would like to welcome all students and their families for the 2019/2020 school year. We are so honored that you have chosen this wonderful school. Here at Grace Café we have a staff that has many years experience in food service and we all love interacting with the children. We also understand that everyone has different taste and some have different dietary needs and we offer a wide variety of options daily to help accommodate. We serve a full menu breakfast every morning from 7:15-8:00a.m. A breakfast menu is attached with prices. Every day we will offer the menu option as well as all of our a la carte options with some daily specials to cater to the older students. Middle and High School students do not have to order through Parents Web. This gives them the freedom to choose what they would like to eat. The August and September lunch menus are attached as well as an a la carte menu and a list of the items we offer on our snack cart with prices.

You can order your Elementary students lunch on a daily, weekly or monthly basis. We do ask that you have the order submitted by 11pm the night before to ensure your order reflects on our daily reports. If you forgot to order your child a lunch, you can place a call before 9am to the school office or the cafeteria. If there is not an order for your child and they did not bring a lunch, your child will be given a Regular Lunch Plate and your FACTS account will be charged \$4.00 for that day.

Elementary students (K5-5th) cannot purchase snacks or ice cream unless ordered on RenWeb by parents. Soda and coffee will not be served to any elementary student, but we will allow them to purchase Hot Chocolate. Please note that Tuesdays are the Ice Cream day for K5 through 2nd graders and Thursdays are Ice Cream ordering days for 3rd through 5th graders. If you would like to purchase a Regular Lunch Plate for your student but would like to substitute the main entrée, you can do so at no additional charge. You cannot make substitutes on Brown Bag Lunches.

Our staff encourages you to have talks with your student about your expectations with breakfast choices and spending. We do not accept cash and all purchases are charged to the students FACTS account. Unfortunately, the system does not allow us to set limits and it is very difficult to monitor this for every student on our end. If you fall delinquent on your account, a block will be placed and your student will not be allowed to purchase food. Please make arrangements to make sure your child does not go without, in this situation. If you have any questions or concerns regarding your FACTS account our finance office is available to answer them for you.

We hope you enjoy your experience and we look forward to serving and getting to know your student. Please feel free to contact Amanda Blakely at (919)774-4415 ext. 1301 or email at amandablakely@gracechristiansanford.com, with any questions or concerns.
